

European Advanced Materials Congress (EAMC - 2016), Sweden

Dear Reader,

VBRI Press is pleased to announce 'European Advanced Materials Congress, (EAMC, www.vbripress.com/eamc) during 23 – 25 August 2016, Sweden. It is a three-day international event organised with collaboration of International Association of Advanced Materials (IAAM), and Linköping University on the Baltic Sea from Stockholm-Helsinki-Stockholm by the Viking Line Cruise M/S Mariella. The goal of congress is to provide a global platform for researchers and engineers coming from academia and industry to present their research results and activities in the field of fundamental and interdisciplinary research of materials science and technology.

23-25 AUGUST 2016, STOCKHOLM, SWEDEN

For more information please visit www.vbripress.com/eamc

The main topics of the congress:

- *Nanomaterials and Nanotechnology*
- *Biomaterials and Biodevices*
- *Energy and Harvesting Materials*
- *Optical, Electronic and Magnetic Materials*
- *Structural Materials*
- *Computational Materials*
- *Composite and Ceramic Materials*
- *Constructional and Engineering Materials*
- *Environmental and Green Materials*

The congress will provide opportunities for the delegates to exchange their face-to-face novel ideas and experiences with the international experts during the plenary and invited talks, oral presentations and poster sessions. We will also set up following four parallel symposiums with the EAMC 2016:

- *Global Graphene Forum,*
- *Smart Energy Technologies,*
- *Biosensors and Bioelectronics and*
- *World Technology Forum*

The program includes keynote forum, panel discussion and manufacturing projects negotiation.

Important dates:

Deadline of abstract submission: **10 December 2015**
Confirmation of abstract acceptance: **10 January 2016**
Registration starts: **15 January 2016**
Early bird registration closed: **30 April 2016**

Venue of European Advanced Materials Congress on the floor of Baltic Sea, from the Stockholm (Sweden) – Helsinki (Finland) - Stockholm (Sweden) via Mariehamn by the Viking Line.

We trust that *Advanced Materials Letters* offers an international interactive platform for both industrial and academic researchers, professors and students active in the fields of applied or fundamental materials science related to biological, chemical, earth, atmosphere, ocean and planetary, engineering, mathematical, medical and physical sciences. The journal is expected to become popular accompanied with a high impact factor and as a conference chair, may welcome you as active part of the EAMC. Your opinions and suggestions are greatly valued for the success of this event.

You may follow this congress on www.facebook.com/europeanadvancedmaterialscongress

With kindest regards,

Ashutosh Tiwari, PhD, DSc
Congress Chair
