

# Global Graphene Forum (GGF - 2016), Sweden

Dear Reader,

VBRI Press is pleased to announce 'Global Graphene Forum, (GGF, [www.vbripress.com/ggf](http://www.vbripress.com/ggf)) during 23 – 25 August 2016, Sweden. It is a three-day international event organised with collaboration of International Association of Advanced Materials (IAAM), and Linköping University on the Baltic Sea from Stockholm-Helsinki-Stockholm by the Viking Line Cruise, M/S Mariella. The aim of the event is to cover the latest technology developments, applications, commercialization progress, end user requirements and challenges of Graphene and related 2D Materials.

**23-25 AUGUST 2016, STOCKHOLM, SWEDEN**

For more information please visit [www.vbripress.com/ggf](http://www.vbripress.com/ggf)

The main topics of the forum:

- *Fundamentals of graphene and 2D materials*
- *Growth, synthesis and integration methods*
- *Composites – characterization and properties*
- *Large scale production and characterization*
- *Applications in the -*
  - *Electronics/ flexible electronics*
  - *Energy: photovoltaics, energy storage, fuel cells & hydrogen storage*
  - *Photonics, spintronics and optoelectronics*
  - *Biomedical, sensors and environmental research*
- *New technologies, commercialization and market*

The event will provide opportunities for the delegates to exchange their face-to-face novel ideas and experiences with the international experts during the plenary and invited talks, oral presentations and poster sessions. We will also set up following four parallel symposiums with the GGF 2016:

- *European Advanced Materials Congress*
- *Smart Energy Technologies*
- *Biosensors and Bioelectronics*
- *World Technology Forum*

The program includes keynote forum, panel discussion and manufacturing projects negotiation.

Important dates:

Deadline of abstract submission: **15 February 2016**

Confirmation of abstract acceptance: **25 February 2016**

Registration starts: **15 January 2016**

Early-bird registration closed: **30 April 2016**

Venue of Global Graphene Forum – 2016 on the floor of Baltic Sea, from the Stockholm (Sweden) – Helsinki (Finland) - Stockholm (Sweden) via Mariehamn by the Viking Line.

We trust that *Advanced Materials Letters* offers an international interactive platform for both industrial and academic researchers, professors and students active in the fields of applied or fundamental materials science related to biological, chemical, earth, atmosphere, ocean and planetary, engineering, mathematical, medical and physical sciences. The journal is expected to become popular accompanied with a high impact factor and as a general chair, may welcome you as active part of the GGF. Your opinions and suggestions are greatly valued for the success of this event.

You may follow this event on [www.facebook.com/Global-Graphene-Forum-1698534903713133](https://www.facebook.com/Global-Graphene-Forum-1698534903713133)

***Wishing you a Merry Christmas and a Happy Scientific New Year 2016!!***

With kindest regards,

**Ashutosh Tiwari, PhD, DSc**

*Executive Chair*

*Global Graphene Forum, Sweden*

*Editor-in-Chief, Advanced Materials Letters*
