

Advanced Materials World Congress (AMWC) - 2015, Sweden

Dear Reader,

We are pleased to announce next Advanced Materials World Congress (AMWC), 23-26 August, 2015, <http://vbripress.com/amwc/>. It is a four-day international event organised by the International Association of Advanced Materials and sponsored by the VBRI Press, which usually meets every two-year. The upcoming world congress is going to host in the city of Nobel Prize, Stockholm, Sweden. The venue of congress will be held on the Baltic Sea from **Stockholm (Sweden) – Tallinn (Estonia) - Stockholm (Sweden) via Mariehamn and Helsinki, Finland** by the Viking Line. The goal of congress is to provide a global platform for researchers and engineers coming from academia and industry to present their research results and activities in the field of fundamental and interdisciplinary research of materials science. The World Congress will provide opportunities for the delegates to exchange their face-to-face novel ideas and experiences with the international experts during the plenary and invited talks, oral presentations and poster sessions. We will also set up sessions with keynote forum, panel discussion and project negotiation.

Important dates:

Abstract submission start: **01 August 2014**
Deadline of abstract submission: **15 December 2014**
Confirmation of abstract acceptance: **25 February 2015**
Registration starts: **15 January 2015**
Early bird registration closed: **30 April 2015**

Venue of Advanced Materials World Congress on the floor of Baltic Sea, from the **Stockholm (Sweden) – Tallinn (Estonia) - Stockholm (Sweden) via Mariehamn and Helsinki, Finland** by the Viking Line.

The main topics of the congress:

- *Nanomaterials and Nanotechnology*
- *Biomaterials and Biodevices*
- *Energy Materials and Harvesting*

- *Optical, Electronic and Magnetic Materials*
- *Structural Materials*
- *Computational Materials*
- *Composite and Ceramic Materials*
- *Constructional and Engineering Materials*
- *Environmental and Green Materials*

We trust that *Advanced Materials Letters* offers an international interactive platform for both industrial and academic researchers, professors and students active in the fields of applied or fundamental materials science related to biological, chemical, earth, atmosphere, ocean and planetary, engineering, mathematical, medical and physical sciences. The journal is expected to become popular accompanied with a high impact factor and as a congress chair, may welcome you as active part of the AMWC. Your opinions and suggestions are greatly valued for the success of this event.

You may follow this congress on <https://www.facebook.com/pages/Advanced-Materials-World-Congress/1423144114606962>

With kindest regards,

Ashutosh Tiwari, PhD, DSc

Congress Chair

Editor-in-Chief, Advanced Materials Letters
Biosensors & Bioelectronics Centre
IFM-Linköping University, Sweden
