

# American Advanced Materials Congress (AAMC - 2016), USA

Dear Reader,

VBRI Press is pleased to announce 'American Advanced Materials Congress (AAMC - 2016), USA ([www.vbripress.com/aamc](http://www.vbripress.com/aamc)) during 04 – 09 December 2016, USA. It is a six-day international event organised with the collaboration of International Association of Advanced Materials (IAAM), VBRI Press AB cruising from Miami-Bahamas-Mexico-Miami on the Royal Caribbean Cruise Ship Navigator of the Seas. The goal of congress is to provide a global platform for researchers and engineers coming from academia and industry to present their research results and activities in the field of fundamental and interdisciplinary research of materials science and technology.

**Royal Caribbean Cruise, Miami, USA**  
**04 - 09 December 2016**

The main topics of the congress:

- *Nanomaterials and Nanotechnology*
- *Biomaterials and Biodevices*
- *Energy and Harvesting Materials*
- *Optical, Electronic and Magnetic Materials*
- *Structural Materials*
- *Computational Materials*
- *Composite and Ceramic Materials*
- *Constructional and Engineering Materials*
- *Environmental and Green Materials*

The congress will provide opportunities for the delegates to exchange their face-to-face novel ideas and experiences with the international experts during the plenary and invited talks, oral presentations and poster sessions. We will also set up following four parallel events with the AAMC 2016:

- *Biosensors and Bioelectronics*
- *Global Graphene Forum*
- *Smart Energy Technologies*
- *World Technology Forum*

The program includes keynote forum, panel discussion and manufacturing projects negotiation.

Important dates:

Deadline of abstract submission: **15 June 2016**  
Confirmation of abstract acceptance: **30 June 2016**  
Registration starts: **10 July 2016**  
Early-bird registration closed: **15 September 2016**

We trust that *Advanced Materials Letters* offers an international interactive platform for both industrial and academic researchers, professors and students active in the fields of applied or fundamental materials science related to biological, chemical, earth, atmosphere, ocean and planetary, engineering, mathematical, medical and physical sciences. The journal is expected to become popular accompanied with a high impact factor and as a general chair, may welcome you as active part of the AAMC. Your opinions and suggestions are greatly valued for the success of this event.
