

Asian Advanced Materials Congress (ASAMC -2017), Singapore

Dear Reader,

VBRI Press is pleased to announce 'Asian Advanced Materials Congress (ASAMC - 2017), Singapore (www.vbripress.org/asamc) during 11 – 16 March 2017, Singapore. It is a six-day international event organised by International Association of Advanced Materials (IAAM, www.iaamonline.org) in collaboration with the VBRI Press AB, Sweden (www.vbripress.com). The congress will be held on the *Diamond Princess Cruise Ship* cruising from Singapore - Kuala Lumpur (Malayasia) - Penang (Malaysia) - Phuket (Thailand) - Singapore. The goal of congress is to provide a global platform for researchers and engineers coming from academia and industry to present their research and activities in the field of advanced materials and technology.

The main topics of the congress:

- *Environmental and Green Materials*
- *Nanomaterials and Nanotechnology*
- *Biomaterials and Biodevices*
- *Energy and Harvesting Materials*
- *Structural Materials*
- *Computational Materials*
- *Composite and Ceramic Materials*
- *Environmental and Green Materials*
- *Science and Technology of Polymers*
- *Optical, Electronic and Magnetic Materials*
- *Constructional and Engineering Materials*
- *Medical and Dental Materials Digital Health*
- *Tissue Engineering and Regenerative Medicine*

11-16 MARCH 2017, PRINCESS CRUISES, SINGAPORE

For more information please visit www.vbripress.org/asamc

Fig. 1. Venue of 'Asian Advanced Materials Congress (ASAMC - 2017), Singapore, 11 – 16 March 2017, Singapore.

The congress will provide opportunities for the delegates to exchange their face-to-face novel ideas and experiences with the international experts during the plenary and invited talks, oral presentations and poster sessions. We

will also set up following four parallel symposiums with the ASAMC 2016:

- *Smart Energy Technologies*
- *World Technology Forum*
- *Asian Graphene Forum*
- *Biosensor and Bioelectronic Materials*

The program includes keynote forum, panel discussion and manufacturing projects negotiation.

Important dates:

Deadline of abstract submission: **30 July 2016**

Confirmation of abstract acceptance: **08 September 2016**

Registration closed: **15 November 2016**

We trust that *Advanced Materials Letters* offers an international interactive platform for both industrial and academic researchers, professors and students active in the fields of applied or fundamental materials science related to biological, chemical, earth, atmosphere, ocean and planetary, engineering, mathematical, medical and physical sciences. The journal is expected to become popular accompanied with a high impact factor and as a general chair, may welcome you as active part of the AAMC. Your opinions and suggestions are greatly valued for the success of this event.

You may follow this event on
